YOUR ASSISTANT · BY VOICE · MULTILINGUAL

With **Noezys**, run your business by simple message: your website, bookings, replies and translations are centralised in one dashboard built for independents — no technical skills required.

"Technology should serve people — not the other way around. We build AI that gives independents their time back, and their customers a better experience."

MANIFESTO NOEZYS

1

Your 24/7 assistant.

Custom-built — classic system, chatbot, or voice. It answers clients, books appointments and never misses a lead. Day and night.

2

A site that speaks every language.

Whatever your customer's nationality, your content is translated automatically into their language. No more barriers in a city full of visitors.

3

Less admin. More business.

Invoicing, scheduling, reminders and follow-ups handled automatically — exactly the tasks that eat the hours you'd rather spend on your craft.

NOEZYS GUARANTEE

Your customers understand you in their language .
Always.
